imPACT Review

AGENDA

10–14 November 2025

STRENGTHENING CANCER CONTROL IN THE REPUBLIC OF MOLDOVA

Cancer remains one of the leading public health challenges in the Republic of Moldova, affecting thousands of people and families every year. In response, the Government of the Republic of Moldova has made cancer control a national priority, focusing on strengthening the Institute of Oncology's infrastructure, enhancing diagnostic and treatment technologies, and building the skills of its medical professionals.

Over the past few years, the Ministry of Health has taken major steps toward modernizing radiodiagnosis and radiotherapy services. Through strategic investments and international partnerships, Moldova is creating a safer, more effective, and more patient-centered oncology system.

With the generous support of the Government of the United States of America and the International Atomic Energy Agency (IAEA), a new state-of-the-art bunker for two linear accelerators was completed at the Institute of Oncology in 2025. Within this facility, a new LINAC was acquired and commissioned, marking a significant milestone in improving the precision and accessibility of radiotherapy for cancer patients. These advances will allow for more targeted, safer treatments and improved outcomes for those fighting cancer.

These achievements illustrate the Republic of Moldova's unwavering commitment to building a resilient health system and ensuring that every citizen has access to modern, high-quality oncology services. The modernization of infrastructure is complemented by continuous training and professional development programs for medical specialists, ensuring sustainable progress in cancer care.

In accordance with the Ministry of Health's official letter No. 08/2486 dated 11 August 2025, addressed to the International Atomic Energy Agency (IAEA), the Moldovan Government expressed its deep gratitude for the Agency's long-standing support and requested the initiation of an imPACT Review under the Programme of Action for Cancer Therapy (PACT).

The imPACT Review aims to provide a comprehensive evaluation of Moldova's national cancer control capacities and needs, covering areas such as prevention, early detection, diagnosis, treatment, palliative care, education and training, and radiation safety. The outcomes of this assessment will serve as a cornerstone for the development of the National Program for Cancer Control 2026–2030, guiding future policy decisions and investment priorities in oncology.

To facilitate coordination and collaboration with the IAEA, the Ministry of Health has designated Dr. Rodica Mîndruța-Stratan, MD, PhD, Coordinator of the National Cancer Control Plan 2016–2025 and Head of the Ministerial Commission on Oncology and Hemopathies, as the national focal point for the imPACT Review.

Through these efforts, the Republic of Moldova continues to strengthen its national response to cancer, drawing on international expertise and partnerships to deliver lasting change. Together with its partners, Moldova is building a future where every patient receives timely, effective, and compassionate cancer care.

A close-up of an Olympus USQ-400 ultrasound machine in a clinical setting. The machine is white with blue accents and features a large monitor and various control buttons.

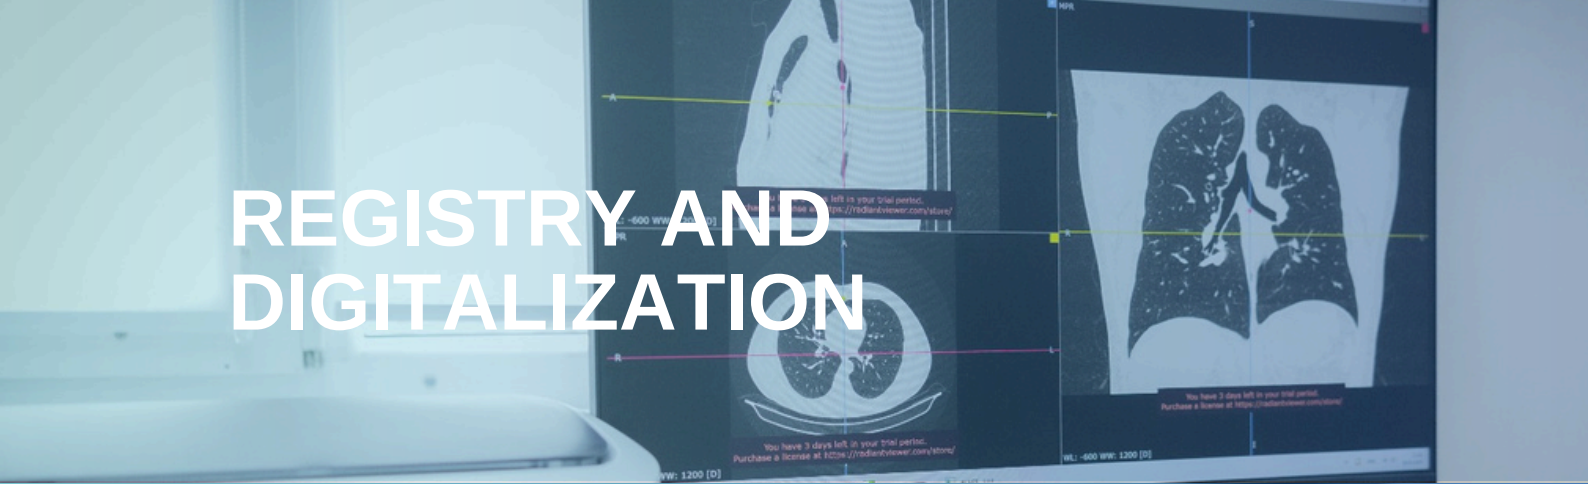

CANCER CONTROL PLANNING

A surgeon in blue scrubs and a surgical cap is performing an endoscopic procedure. The surgeon is using a long, thin endoscope to examine the interior of a patient's body. The patient is lying on a table, and the surgical team is focused on the procedure.

SURGERY AND ENDOSCOPY

A group of medical professionals, including nurses and doctors, are sitting around a table in a meeting room. They are looking at a tablet and discussing a case. There are water bottles and papers on the table.

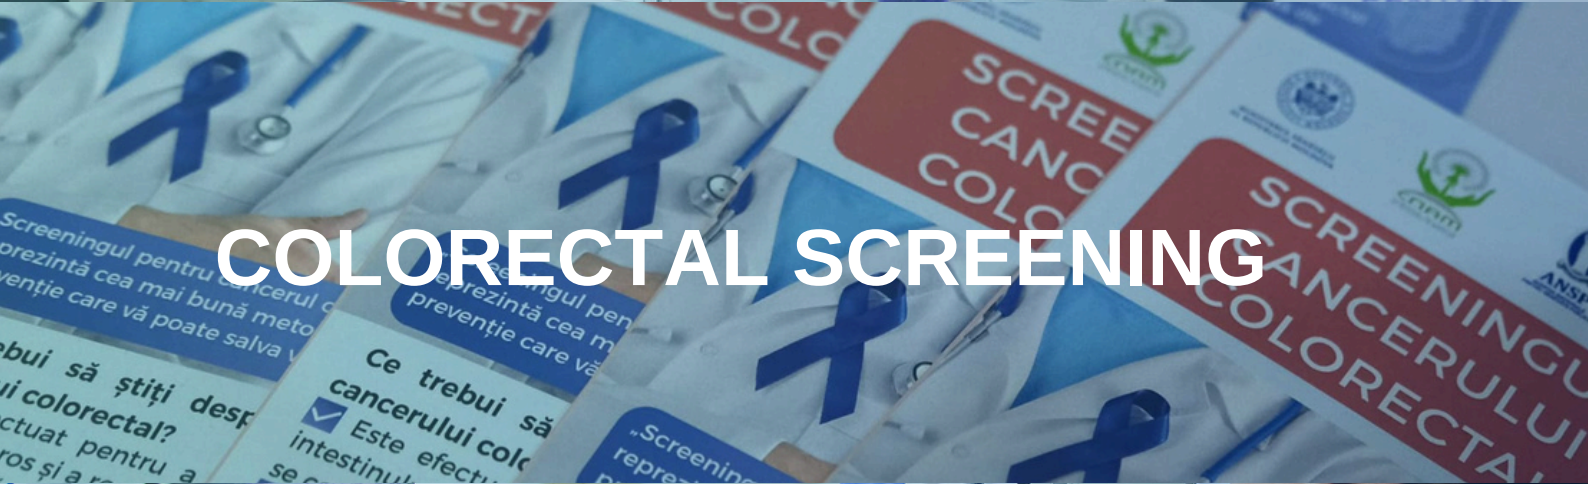

TRAINING AND EDUCATION

A computer screen displaying medical imaging software. The screen shows a 3D model of a human torso with a yellow line indicating a surgical path. There are also 2D cross-sectional images of the torso. The software interface includes various controls and a license expiration notice.

REGISTRY AND DIGITALIZATION

PREVENTION

COLORECTAL SCREENING

**PATHOLOGY AND
LABORATORY**

CERVICAL CANCER DIAGNOSIS

A woman in a yellow long-sleeved top is performing a breast examination on a medical model. Several other people are standing around, observing the procedure. The setting appears to be a clinical or educational environment.

EARLY DETECTION BREAST

A group of medical professionals, including men and women in white lab coats, are seated around a large wooden conference table. They are looking at and discussing various documents and papers. A computer monitor is visible on the table.

TUMOR BOARDS

A close-up shot of a person wearing a white lab coat with a blue stethoscope. They are holding a small white container and appear to be transferring or handling its contents. The background is slightly blurred, showing a clinical setting.

**MEDICAL ONCOLOGY AND
HEMATOLOGY**

A large medical imaging machine, specifically a PET/CT scanner, is shown in a clinical setting. The machine is white and has a large circular opening. A patient is lying on a table in front of the machine, ready for a scan. The room has white walls and some medical equipment visible in the background.

NUCLEAR MEDICINE

A photograph of a radiation oncology treatment room. A large white linear accelerator machine is on the left. A female staff member in a white lab coat stands near a computer monitor. A male staff member in blue scrubs is on the right, working with equipment. The room is clean and clinical.

RADIATION ONCOLOGY

A photograph of a paediatric oncology treatment room. The walls are decorated with colorful murals of sunflowers and a globe. A child is lying on a treatment table, surrounded by toys and books. The atmosphere is more child-friendly than the radiation oncology room.

PAEDIATRIC ONCOLOGY

A photograph of a palliative care consultation. A female healthcare professional in a white lab coat is sitting and talking to a patient. The patient is seen from the back, wearing a dark blue shirt. The setting is a comfortable, modern chair.

PALLIATIVE, SURVIVORSHIP, REHABILITATION AND PSYCHOLOGY

A photograph of a radiation and nuclear safety training exercise. Several people are wearing white protective suits and green rubber boots. They are standing in a room with yellow caution tape and a blue tarp. One person is lying on the tarp, possibly a mannequin or a patient.

MEETING AGENDA DAY 1

**Date:**

10 November 2025

**Time:**

08:30 - 16:00

**Location:**

Ministry of Health
PMSI Institute of Oncology

08:30 - 09:30**WHO Country Office**

Meeting to brief WR and NLO on imPACT Review

10:00 - 12:30**Ministry of Health**

Meeting to brief on imPACT Review process and discuss expectations (international and national groups leaders)

12:30 - 13:30**Big Hall, PMSI Institute of Oncology**

Lunch

13:30 - 14:15**Big Hall, PMSI Institute of Oncology**

Welcome speech, presentation of the ImPACT Mission international experts and national workshop leaders, followed by the agenda overview and a visit to the main departments of the Oncology Institute.

14:15 - 16:00**Big Hall, PMSI Institute of Oncology**

Workshop on Surgery and Endoscopy, led by expert Rolando Camacho

Small Hall PMSI Institute of Oncology

Workshop on Medical Oncology and Hematology (Access to Innovative Treatments / Chemotherapy Financing), led by experts Raffaella Casolino & Jamuni Deepal Sanjeeva Gunasekera

Meeting Room 108 (CCD) PMSI Institute of Oncology

Workshop on Nuclear Medicine, led by expert Claudio Granata

Meeting Room 105 (CCD) PMSI Institute of Oncology

Workshop on Pathology and Molecular Diagnostics, led by expert Karin Denton

Meeting Room 102 (CCD) PMSI Institute of Oncology

Workshop on Palliative Care, Survivorship, Rehabilitation and Psychology, led by expert Julie Ling

14:15 - 16:00

Aula Pavliuc, PMSI Institute of Oncology

Workshop on Cervical Screening Group at Child and Mother Institute, led by experts Karin Denton and Farida Selmouni

NCCP Room, PMSI Institute of Oncology

Workshop on Paediatric Oncology, led by expert Jamuni Deepal Sanjeeva Gunasekera

Anesthesia room, PMSI Institute of Oncology

Workshop on Radiology and Imaging, led by expert Claudio Granata

Protocol Room, PMSI Institute of Oncology

Workshop on Cancer Control Planning with USMF Department, led by experts Igor Veljkovicj, Rolando Camacho and Adrian Pana

Aquarium, PMSI Institute of Oncology

Workshop on Prevention, led by expert Marilys Corbex

Relaxation Room (CCD), PMSI Institute of Oncology

Workshop on cancer registry, led by experts, Anton Barchuk and Ariana Znaor

Radiotherapy room, PMSI Institute of Oncology

Workshop on Radiation Oncology, led by experts, Laimonas Jarusevicius and Claudio Granata

Rusnac Room, PMSI Institute of Oncology

Workshop on Radiation Safety, led by expert, Jovica Bosnjak

Robu Room, PMSI Institute of Oncology

Workshop on Nuclear Security, led by expert, Hermes Plaku

MEETING AGENDA DAY 2

**Date:**

11 November 2025

**Time:**

08:00 - 16:00

**Location:**

PMSI Institute of Oncology

08:00 - 09:00

PMSI Institute of Oncology

Welcome Coffee and Participants Registration

09:00 - 16:00

Hospital Strasen, Mental Health Center, Youth Friendly Center

Site visit on Palliative Care, Survivorship, Rehabilitation and Psychology led by Expert Julie Ling

Big Hall, PMSI Institute of Oncology

Workshop on Surgery and Endoscopy, led by expert Rolando Camacho

Small Hall PMSI Institute of Oncology

Workshop on Medical Oncology and Hematology (Access to Innovative Treatments / Chemotherapy Financing), led by experts Raffaella Casolino & Jamuni Deepal Sanjeeva Gunasekera

Meeting Room 108 (CCD) PMSI Institute of Oncology

Workshop on Nuclear Medicine, led by expert Claudio Granata

Meeting Room 105 (CCD) PMSI Institute of Oncology

Workshop on Pathology and Molecular Diagnostics, led by expert Karin Denton

Aula Pavliuc, PMSI Institute of Oncology

Workshop on Colorectal Screening Group, led by experts Karin Denton and Farida Selmouni

NCCP Room, PMSI Institute of Oncology

Workshop on Paediatric Oncology, led by expert Jamuni Deepal Sanjeeva Gunasekera

Anesthesia room, PMSI Institute of Oncology

Workshop on Radiology and Imaging, led by expert Claudio Granata

Protocol Room, PMSI Institute of Oncology

Workshop on Cancer Control Planning at USMF Department, led by experts Igor Veljkovicj, Rolando Camacho and Adrian Pana

09:00 - 12:30

09:00 - 12:30

Relaxation Room (CCD), PMSI Institute of Oncology

Workshop on Cancer Registry, led by expert Anton Barchuk

Aquarium, PMSI Institute of Oncology

Workshop on Prevention, led by expert Marilys Corbex

Radiotherapy room, PMSI Institute of Oncology

Workshop on Radiation Oncology, led by experts, Laimonas Jarusevicius and Claudio Granata

Rusnac Room, PMSI Institute of Oncology

Workshop on Radiation Safety, led by expert, Jovica Bosnjak

Robu Room, PMSI Institute of Oncology

Workshop on Nuclear Security, led by expert, Hermes Plaku

12:30 - 13:30

Big Hall, PMSI Institute of Oncology

Lunch

PMSI Institute of Emergency Medicine

Site visit on Surgery and Endoscopy led by Expert Rolando Camacho

Site visit on Cancer Registry, led by expert Anton Barchuk

ARENSIA, PMSI Institute of Oncology

Site visit on Medical Oncology and Hematology (Access to Innovative Treatments / Chemotherapy Financing), led by experts Raffaella Casolino & Jamuni Deepal Sanjeeva Gunasekera

CRDM and Timofei Moşneaga Republican Clinical Hospital

Site visit on Nuclear Medicine , led by expert Claudio Granata

PMSI Institute of Mother and Child

Site visit on Pathology and Molecular Diagnostics, led by expert Karin Denton

Site visit on Paediatric Oncology, led by expert Jamuni Deepal Sanjeeva Gunasekera

CRDM and Territorial Medical Association – Botanica

Site visit on Early detections and screening colorectal, led by experts Karin Denton and Farida Selmouni

Protocol Room, PMSI Institute of Oncology

Workshop on Cancer Control Planning meeting with Health Insurance Company led by expert Rolando Camacho

13:30 - 16:00

13:30 - 16:00

National Agency for Public Health

Site visit on Prevention, led by expert Marilys Corbex

Hybrid department, , PMSI Institute of Oncology

Site visit on Radiology and Imaging, led by expert Claudio Granata

Radiotherapy Department, PMSI Institute of Oncology

Site visit on Radiation Oncology, led by experts, Laimonas Jarusevicius and Claudio Granata

National Agency for Nuclear and Radiological Regulation

Site visit on Radiation Safety, led by expert, Jovica Bosnjak

Site visit on Nuclear Security, led by expert, Hermes Plaku

MEETING AGENDA DAY 3

**Date:**

12 November 2025

**Time:**

08:00 - 16:00

**Location:**

PMSI Institute of Oncology

08:00 - 09:00

PMSI Institute of Oncology

Welcome Coffee and Participants Registration

09:00 - 16:00

Hospital Orhei, Sîngerei and Florești

Site visit on Medical Oncology and Hematology (Access to Innovative Treatments / Chemotherapy Financing), led by experts Raffaella Casolino & Jamuni Deepal Sanjeeva Gunasekera

09:00 - 16:00

Hospital Regional Cahul

Site visit on Radiation Oncology, led by experts, Laimonas Jarusevicius and Claudio Granata

Big Hall, PMSI Institute of Oncology

Workshop on Surgery and Endoscopy, led by expert Rolando Camacho

Meeting Room 105 (CCD) PMSI Institute of Oncology

Workshop on Pathology and Molecular Diagnostics, led by expert Karin Denton

Meeting Room 102 (CCD) PMSI Institute of Oncology

Workshop on Palliative Care, Survivorship, Rehabilitation and Psychology, led by expert Julie Ling

PMSI Ungheni Health Center

Cervical screening, colorectal screening and early detection breast cancer, lead by expert Farida Selmouni

NCCP Room, PMSI Institute of Oncology

Workshop on Paediatric Oncology, led by expert Jamuni Deepal Sanjeeva Gunasekera

Anesthesia room, PMSI Institute of Oncology

Workshop on Radiology and Imaging, led by expert Claudio Granata

Protocol Room, PMSI Institute of Oncology

Workshop on Cancer Control Planning led by experts Igor Veljkovikj, Rolando Camacho and Adrian Pana

09:00 - 12:30

09:00 - 12:30

Relaxation Room (CCD), PMSI Institute of Oncology

Workshop on digitization, led by expert Anton Barchuk

Aquarium, PMSI Institute of Oncology

Workshop on Prevention, led by expert Marilys Corbex

Radiotherapy room, PMSI Institute of Oncology

Workshop on Radiation Oncology, led by experts, Laimonas Jarusevicius and Claudio Granata

Rusnac Room, PMSI Institute of Oncology

Workshop on Radiation Safety, led by expert, Jovica Bosnjak

Robu Room, PMSI Institute of Oncology

Site visit on Nuclear Security, led by expert, Hermes Plaku

12:30 - 13:30

Big Hall, PMSI Institute of Oncology

Lunch

Neurology and Neurosurgery Institute and Republican Hospital

Site visit on Surgery and Endoscopy led by Expert Rolando Camacho

Public Health National Agency and Republican Hospital

Site visit on Pathology and Molecular Diagnostics, led by expert Karin Denton

PMSI Municipal Clinical Hospital No. 4

Site visit on Palliative Care, Survivorship, Rehabilitation and Psychology led by Expert Julie Ling

Aula Pavliuc, PMSI Institute of Oncology

Workshop on Early detection breast cancer , led by experts Karin Denton and Farida Selmouni

Valentin Ignatenco Municipal Clinical Children's Hospital

Site visit on Paediatric Oncology, led by expert Jamuni Deepal Sanjeeva Gunasekera

CRDM and private centre Magna-Med

Site visit on Radiology and Imaging, led by expert Claudio Granata

13:30 - 16:00

13:30 - 16:00

Delegation of the EU to the RM

Site visit on Cancer Control Planning at USMF Department, led by experts Igor Veljkovikj, Rolando Camacho and Adrian Pana

Private Hospital - Repromed

Site visit on digitalisation led by expert Anton Barchuk

Public Health National Agency

Site visit on on Prevention, led by expert Marilys Corbex

Radiotherapy Department, PMSI IO

Site visit on Radiation Safety, led by expert, Jovica Bosnjak

Site visit on Nuclear Security, led by expert, Hermes Plaku

MEETING AGENDA DAY 4

**Date:**

13 November 2025

**Time:**

08:00 - 16:00

**Location:**

PMSI Institute of Oncology

08:00 - 09:00

PMSI Institute of Oncology
